---

Greg & Althea,

We touched base with Louis earlier and he said the drilling at Bayou Corne may start as soon as today. We continue to contact him to get the specifics, but so far nothing concrete. Do you all want us back out there when LDEQ says the drilling will resume?

Just heard from Louis Martin with LDEQ. No news yet. He is still trying to find out exactly when we would have to start, and will let us know.
